

Triton OMNY STUDIO

Trusted by Over 70,000 Podcasts Worldwide

Omny Studio is the premier enterprise podcasting platform built for large networks and commercial broadcasters. With advanced analytics, dynamic ad insertion, and powerful content management tools, it delivers everything you need to manage, grow, and monetize your podcasting operation, all in one place.

Work **Smart.** Publish **Fast.** Earn **More.**

- Streamlined content management
- Video podcasting
- Fully customizable web and embed players
- Seamless radio broadcast capture
- Engaging social video creation
- Secure distribution with Apple Podcasts subscriptions
- Advanced analytics and measurement
- Automated transcription
- Multilingual capabilities (6 languages)
- Flexible, role-based user permissions
- Monetization through Triton Ad Platform (TAP) and Triton Audio Marketplace

Get clip by ID

Get the metadata for an Omny Studio clip (episode).

Example

```
https://api.omny.fm/api/omny/episode/8885-df9f-5813-aa7a880555b8
```

PATH PARAMETERS

- `<clipId>` string required: Clip ID
- `<apiKey>` string required: API Key

QUERY PARAMETERS

- `<accessToken>` string: Access token for restricted clips
- `<includeEmbedTags>` boolean: Default: false. Optionally include the embed player options for this clip
- `<includePlaylistsDetails>` boolean: Default: false. Optionally include the metadata of the Playlist(s) in which this clip is included
